ARDEX K 39

EXTENDED WORKABILITY, HIGH FLOW
LEVELLING AND SMOOTHING COMPOUND

- Workable wet edge of up to 40 minutes
- Excellent coverage – 7.4m² at 2mm thick
- Rapid hardening - walkable in as little as 2 hours
- Spike rolling not always necessary
- Highly versatile – apply from 1.5mm

Application with a pin rake

Application with a trowel

Get off your knees with ARDEX K 39

With its superior smoothing and levelling properties, ARDEX K 39 ensures the best possible finish with minimum effort, even standing up, utilising a pin rake or smoothing blade.

With its extended wet edge, fresh applications of ARDEX K 39 can be easily smoothed into existing pre-applied material for up to 40 minutes after application, making it ideal for complicated areas, adjoining rooms and large areas where pumping is require. Furthermore, the use of ARDEX K 39 eliminates the need to 'rub down' the adjoining mixes the following day.
