

# EXTERIOR SELF LEVELLING CONCRETE RESURFACING COMPOUND

ARDEX K 301

**ARDEX K 301** is fast setting resurfacing compound, ideal for exterior concrete areas including damaged drives, paths, patios and larger surface areas such as domestic car parks and courtyards. It is easy to mix and apply and can be pumped for faster application.

- Flowable Cementitious Levelling and Repair Mortar - for the repair and levelling of rough or damaged concrete
- Suitable for internal and external applications onto concrete and bonded cement/sand screeds
- For smoothing and resurfacing paths, drives, domestic parking areas, courtyards, etc.
- Fast setting - walkable after 2-3 hours
- Rapid hardening - can withstand light vehicular traffic after 48 hours
- Apply from 2mm to 20mm thick in a single application
