HIGH TEMPERATURE LVT ADHESIVE

ARDEX AF 195

- High resistance to heat
 - Suitable for use in areas of high solar gain, including conservatories, and over underfloor heating systems
- Fibre reinforced to reduce adhesive squeeze and LVT movement during installation
- Exceptional bond strength – walk on after 4 hours
- Extended 30 minute working time – ideal for herringbone and border work
- Covers up to 40m² per 12kg tub

LVT/Vinyl Sheet/CV/
Rubber (4mm)

Linoleum
