ARDEX CA 20 P

MULTI-PURPOSE CONSTRUCTION
ADHESIVE AND SEALANT

IDEAL FOR:

Bonding skirting boards, dado rails, architrave, kick plates, carpet gripper, aluminium and rigid PVC stair nosings, edge trims and door plates.

- Adheres virtually every building material
- High initial tack and bond strength
- Shrinkage free drying
- Internal and external use
- Can even be used under water for minor repairs

Sticks virtually anything... even under water

Ideal for bonding skirting boards

ARDEX CA 20 P is suitable for a wide range of site applications, as an adhesive and sealant, for general building maintenance on floors and walls in internal and external locations.
